

**FERTI-TECH**  
Australia Pty Ltd

BroadAcre is the foliar counterpart of Ferti-Tech Seed Enhancer providing an active Broad Spectrum Nutritional package for continued Optimal Growth. BroadAcre is a Fast Penetrating liquid and is High in Phosphorus ensuring the formation of seed at its most critical stages that are well fed with a wide range of essential nutrients. Use BroadAcre from Early to Mid and Late Tilling Stages when soil constraints and deficiencies of Nutrition are most likely to create a Yield Limit on your crop. Give the Growing Crop a Five Star Buffet of Essential Nutrition with Ferti-Tech's Ferti-BroadAcre™.

**BroadAcre™ Foliar is compatible with many Ferti-Tech Trace Minerals, UAN and other Liquid N Fertilizers**

**High Phosphorus** for Cell Reproduction, Growth, Yield, Stronger Root Formation, Respiration and Crop Energy and Resistance to pests and disease.

**Sulphur and Manganese** (supporting P) improving chlorophyll production, CO<sub>2</sub> synthesis, Root Growth, Sap Sugar and uptake of elements. Activates enzyme and amino acid systems and specifically promotes P and N uptake. Provides for Optimal Seed Formation.

**Potassium** for Growth, Enzyme, Protein, Sugar Synthesis, Leaf Stomata function and Water Efficiency.

**Copper** for Protein Synthesizing, Stem Health and Strengthening. Proven fungal disease combatant.

**Zinc** to ensure Optimal Growth Hormone Stimulation, Sugar Production, Protein conversion and Internal Water Holding Ability and Antioxidant properties.

**Magnesium** for improved synthesis of amino acids, P transfer, enzyme formation and nutrition uptake.

**Molybdenum** for Improved Nitrogen Efficiency, Conversion and Ammonium Uptake and Nodulation.

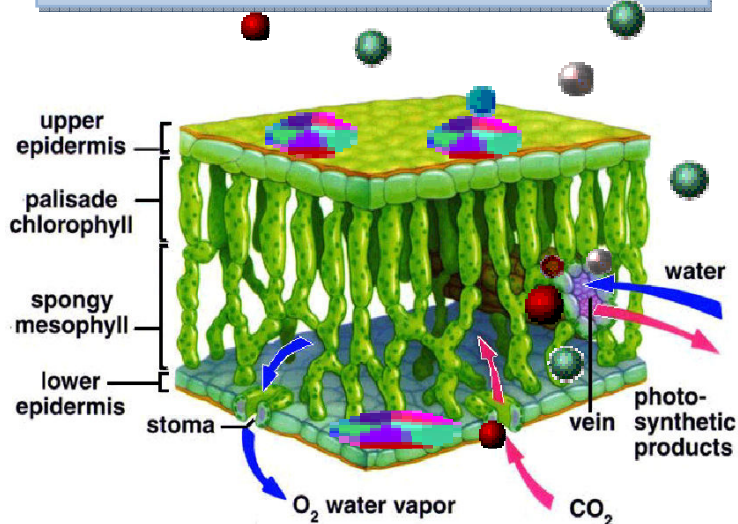

**Boron** for increased Calcium and Nitrogen uptake and promoting better pollination and Seed Viability.

**Cobalt and Iron** for plant strengthening, oxygen flow, chlorophyll production and nutrient flow.

# Ferti-**BroadAcre™**

## *Complete Foliar Fertiliser*

Chelated with EDTA, Potassium Fulvate and Kelp-Seaweed Concentrates for **SUPERIOR LEAF PENETRATION**

TYPICAL ANALYSIS	g/L	% w/v
Nitrogen (N)	60	6.0
Phosphorus (P)	120	12
Potassium (K)	28	2.8
Sulphur (S)	28	2.8
Magnesium (Mg)	19	1.9
Manganese (Mn)	27	2.65
Zinc (Zn)	20	2.0
Copper (Cu)	3.3	0.33
Iron (Fe)	3.3	0.33
Boron (B)	3.5	0.35
Molybdenum (Mo)	0.26	0.026
Cobalt (Co)	0.14	0.014

Also contains Natural Chelating Agents, Auxin Growth Stimulants, Amino Acids, Sea Minerals and Micro-Nutrients for Maximum Nutritional Availability, Stimulation and Balance

**Application Rate**  
**2 – 4 Litres per Hectare**  
**Mix with 50 – 100 litres Water**  
General Cereals Foliar Guide  
Apply 1 Litre of BroadAcre  
Per Tonne of Expected Yield

**AGITATE DRUM WELL BEFORE USE**  
DO NOT Mix with other foliar, pesticides, etc without prior testing for compatibility.  
Keep in Cool, Dry Storage  
**Broadacre is available in**  
**20Lt, 200Lt Drum and 1000Lt Shuttle.**
