## PRODUCT SHEET

**Ferti-Mancuzn™**  
"Foliar/Fertigation"

### GENERAL INFORMATION

Ferti-Mancuzn is an organic based, water soluble foliar feed that ensures optimum crop production. Ferti-Mancuzn is an essential component to relieve stress and boost the anti-oxidant system of the plant. It is a known fact that nutritionally superior plants are more resistant to diseases/frost; therefore it is important to ensure that a good balanced nutritional plant is developed in the early phases of the crop. By applying the Ferti-Mancuzn product to the leaves, rapid absorption of important trace elements, amino acids and root growth regulators are achieved. The run off is also an important feed of amino acids for the microbes.

### IMPORTANCE

Importance of Ferti-Mancuzn Foliar Crop Nutrition is:

- Improve plant nutrition to combat diseases where concentrates of Mn, Cu and Zn is needed.
- Easy to apply and quick response time to correct crop nutrient deficiencies.
- Easy to use with other nutrients for ease of tank mixing.
- Energizes the plant to stimulate root activity ensuring better nutrition uptake & quality produce.
- In dry soil uptake of nutrients through the roots are limited.
- Potential for reduction in fertilizer costs.

### TYPICAL ANALYSIS

Elemental Analysis	G/L	% W/V		G/L	% W/V
Copper (Cu)	7	0.7	Sulphur (S)	40	4.0
Phosphorous (P)	8	0.8	Zinc (Zn)	30	3
Manganese (Mn)	50	5			

With Potassium Fulvate, Seagrass-which includes, amino acids, natural growth stimulants and 80 minerals

### APPLICATION

- Broad acre crops - As a foliar spray apply 2 to 5 Lt of Ferti-Mancuzn with 50-100 Lt of water per hectare. Apply when plants have sufficient leaf area. Repeat after 3-4 weeks
- Horticulture - 3LT - 5LT with 300 - 1000LT water
- Orchards - 2LT -3LT with 1000LT water *except stone fruit*
- Viticulture- 2Lt-5Lt with 300-1000Lt water
- Fertigation
  - Horticulture )
  - Orchards ) 5-10 litres per HA
  - Viticulture )

### DIRECTIONS FOR USE

**AGITATE DRUM WELL BEFORE USE**

**RISK: DO NOT Mix with other plant foods, pesticides, etc without prior testing for compatibility**

### AVAILABILITY

Ferti-Mancuzn is available in 20 Lt, 200Lt Drum and 1000 Shuttle.
